

### **18 degrees Scorpio: A wood rich in autumn colouring**

The passing of time, the beauty of all seasons, all experiences, all moments, even the ones, like autumn, that suggest the end of a cycle and the beginning of a more inward time. Still the beauty of trees wrapped in russet and purple mantles can enrich the soul, like mature and old faces do. They may not be as sunny and full of life as young faces or as tender and magical as children's faces, but they have a beauty of their own, experience, happiness and sorrows all written on them, to testify to a rich life.
