

06 degree of Sagittarius: 'A game of cricket'

I am visualizing here a cricket team from 1925, the year Elsie Wheeler communicated her insights to M.E. Jones: perfectly white clad, gentlemanly group of men, in the best English tradition (!). They follow strict rules of conduct, dress and gender. Despite the obvious adherence to collective canons, individual talents are also essential in a cricket game. Gifted cricketers can become heroes, like top tennis players or actors.

Adhering to collective values and shining while performing team work is suggested here. Negatively, perhaps, the image suggests a snobbish and conventional attitude to life, when even outdoor fun is unduly regimented.
