

### **2 degree of Aquarius: 'An unexpected thunderstorm'**

Are we ever prepared for the unexpected and sometimes unsettling events and states of mind that life and our own psyche can throw at us? On this degree we may have the opportunity to ponder this question.

A difficult environment and/or an inimical mind-set can make any changes to the status quo appear frightening and dangerous. We should not forget however that unforeseen crisis can be also exciting and liberating, like sudden thunder and lightning, bringing fertility and relief to our parched souls.
