

29 degree of Capricorn: 'A woman reading tea leaves'

Reading the pattern made by tea leaves in a cup, interpreting the glyphs and lines in a horoscope or the evocative images in a spread of cards are all activities that show a belief in the power of omens to guide us. Attempting to unravel these patterns we acknowledge the ultimate unity underlying our experiences of reality.

The woman in this image is herself a symbol of the intuitive faculty, in men and women alike, naturally familiar with symbols.
