

**29th degrees of Scorpio: 'An Indian woman pleading to the chief for the lives of her children'**

Soul-Ego-Creative Potential. Two ways of being are here embodied by the Indian Woman, protectress of children, and the Father-Chief who has seemingly power of life and death over them and needs to be appeased in the hope he will spare their lives. This dramatic duet could be enacted in our relationships today or within ourselves: the compassionate, all embracing soul-self pleading with the hardened Ego to remember the gifts of the Spirit. Ego wants its own way, no matter the cost, to the point of destroying all traces of its most creative potentials, its own children.
