

30 degree of Capricorn: 'Directors of a large firm meet in secret conference'

Why the secrecy? These men obviously wield power beyond the reach of most ordinary human beings.

I don't view this image as alluding to a secret world order but rather as symbolizing those powers within the Self who ultimately are responsible for all the important decisions and events in an individual's life, welcome and unwelcome by the subject, while he/she may remain completely unaware of their crucial role. This secret conclave sets in motion the destiny the individual is here to fulfil.

The sense of a secret design underlying life's external events can be intensely felt through this degree.
