

### **Last degree of Scorpio: 'The Halloween Jester'**

Who else can the Halloween Jester be but Death itself?

Since antiquity Halloween, now a children's night of fun, dressing up and pretending, was the time every year when we remembered the ancestors, and contemplated our own mortality.

This to me is an image of 'memento mori', Latin for 'remember, you too shall die'.

The Jester will have the last laugh. He knows something we don't.
