

4 degree of Aquarius: 'A Hindu healer'

Channelled by a middle aged American woman in 1925 the image of a Hindu healer was certainly exotic and mysterious. It suggests a form of healing that does not have much in common with western medicine and surgery but relies exclusively instead on the wisdom of the ages.

The Hindu sage knows of the invisible link between man's soul to the Gods', man's physical ills and the subtle yogic body.

Here we are reminded of the healing power of prana, the right breath equated to right action, thought and feeling, as well as good health and long life.
