

**20 degree of Aquarius: 'A big white dove, a message bearer'**

In ancient Greece doves were Aphrodite's messengers. This beautiful Goddess is our astrological Venus, symbolizing the psychic function that drives us to seek harmony and cooperation.

Doves remain, to this day, harbingers of hope, love and peace. It was a dove who came back to the stranded ark, after the great flood, to announce a dawn of renewal for Noah and his precious cargo.
