

### **21 degree of Aquarius: 'A woman disappointed and disillusioned'**

The woman here stands for the emotional response to life in both men and women. The key is the disillusion. To be disillusioned one must have had illusions in the first place.

This image thus suggests a time when, no matter how painful, we need to grow out of ego-centred, youthful illusions about life, because they will not allow us to grow emotionally and spiritually, but could be rather the precursors of an existence riddled with blame, self-pity and sorrow.

The purpose of the whole painful experience is to drive us toward greater individualization, self-integration and inner joy.
